strong **FAMILIES** strong **COMMUNITIES**

30 July 2009

To Whom It May Concern:

YMCA Aqua Jetty have used the Gym Care team for the past seven years to supply and service our range of cardiovascular equipment within the Centre's Health Club.

Throughout this time Gym Care have provided an extremely professional service for our Centre.

We currently engage the Gym Care service department on a monthly basis to service our large range of equipment and they have demonstrated an extremely successful, and appreciated, ability to keep our equipment maintained to the highest level possible.

Gym Care's prompt and reliable response to our needs ensures that our members experience limited down time due to maintenance requirements.

In recent months, Gym Care has been extremely helpful with the process of obtaining information regarding their range of equipment for the upgrade of cardiovascular equipment at the Aqua Jetty.

If you are in the market for new health and fitness equipment and/or servicing I would have no hesitation in recommending the Gym Care team. If you would like any further information please don't hesitate to contact me on 9593 9999.
